

# **FOCUS TECH PROCESS CHEMICALS**

## **Technical Data Sheet**

### **CONDUCTROL CC-1000** **Cleaner Controller**

#### **Description**

The CONDUCTROL CC-1000 provides accurate, reliable control for all cleaning processes. The CONDUCTROL CC-1000 controls solution concentration based on conductivity and process level with fresh water additions. The CONDUCTROL CC-1000's provides convenient control of process concentrations by minimizing operator intervention and chemical handling.
